Test Case

///

- Test Description
  - This test will verify that the "See All Bots" button will generate all bots

- Steps of the test
  1. Navigate to http://localhost:3000/
  2. Click on "See All Bots" button

- Postconditions
  - A display of each bot should have been generated.

///

- Test Description
  - This test will verify that the "Draw" button generates 5 Random bots

- Steps of the test
  1. Navigate to http://localhost:3000/
  2. Click on "Draw" button

- Postconditions
  - This should generate 5 Random Robots
  - Each generated robot should have the following
    1. "Health"
    2. "Attack 1"
    3. "Attack 2"
    4. "Add to duo"
    5. robots name

//Stopped here because i realized i did not need to do this for each step in the test plan
